Job ref: Front-End Developer

Dear Hiring Manager

I am emailing you regarding your Front-End Developer position. I am a graduate from the Humber College Web Design/Maintenance program and I believe that I would be a great asset to your team. I have the credentials your company is searching for and I know that I can be a valued member of your team if chosen for this position.

I am a front-end web developer based in Toronto that specializes in HTML5, CSS3, SASS, Grunt, Javascript and Responsive Mobile Layout. I pride myself in having a wide range of skills that help clients implement their goals and reach the forefront of their industry through the use of design and strategic web development.

Along with these skills I have excellent communication skills with the ability to interact effectively verbally and in writing. I'm an analytical person with the ability solve both complex and uncomplicated problems. And my detail oriented personality ensures that my work standards are of the highest quality.

Sincerely

Andre McMorris
